SUMMARY

As an enthusiastic and motivated full-stack developer, I have a strong foundation in both front-end and back-end technologies including HTML, CSS, JavaScript, React, Angular, Spring boot, and databases like MongoDB and MySQL. I am eager to apply my skills in building responsive and scalable web applications while continuously learning and adapting to new technologies. I am passionate about coding and problem-solving, with a focus on delivering high-quality user experiences and collaborating in dynamic, agile environments.
